## WIRE MESH AND SCREENING

Merco Industries are suppliers of a large range of **WOVEN** and **WELDED WIRE MESH**, **SCREENS** and related products such as **PERFORATED PLATE**, **SIEVES**, **TEST SIEVES**, **FILTERS**, **STRAINERS** and **WIRE**. We keep a very large stock in sizes ranging from openings of 0.032mm (32 micron) to openings of over 150mm in various wire diameters. Openings up to 200mm can be supplied. We also stock various **HOLLANDER WEAVES** in both Black Mild Steel and Stainless Steel.

**WIRE MESH AND SCREENS WITH OR WITHOUT OVERHOOKS** can be supplied in: **STAINLESS STEEL**, **HIGH CARBON SPRING STEEL**, **BLACK MILD STEEL**, **GALVANIZED MILD STEEL**, **COPPER**, and **BRASS**.

**INSECT SCREENING/ FLY SCREENING** meshes are also supplied from stock in **Aluminium**, **PVC-coated Fibreglass**, **Green Enamelled Steel**, **Galvanized Mild steel**, **Copper**, **Epoxy-coated Mild Steel** and **Stainless Steel**.

### We supply from stock or make to order:

- **TEST SIEVE WIRE MESH** and **SCREENS**
- **LABORATORY TEST SIEVES** in 200mm, 8 inch, 300mm and 450mm diameter, both full height and half height, to ISO standards such as ASTM E-11, BS 410, DIN and SABS 197-1971
- **OVERHOOKED SCREENS** and **SWECO SCREENS**
- **STAINLESS STEEL WELDED MESH**
- **GALVANIZED BEFORE WELDED** and **GALVANIZED AFTER WELDED MESH**
- **BUILDER'S SIEVES** AND **SAND SIEVES** in all sizes
- **BIRD AND CHICKEN GALVANIZED WIRE MESH NETTING**
- **NYLON** and **POLYESTER MESH** with openings ranging from 1 micron to 12.5mm
- **FENCING MESH AND WIRE** - Welded fencing mesh, Galvanized Diamond mesh and Plastic Coated Diamond mesh. Galvanized and Black fencing wires in all standard diameters
- **WIRE** - All grades of **STAINLESS STEEL** wire up to 8mm diameter in various tensile strengths, **PIANO WIRE**, thin wires supplied on spools or in coils in materials such as soft annealed **PLAIN MILD STEEL**, soft annealed **GALVANIZED MILD STEEL**, **COPPER** and **ALUMINIUM**.

We supply **SCREENS** for sand and gravel, **FILTERS** and **STRAINERS**, **TEST SIEVES**, **PACK-SCREENS**, **FILTER DISCS**, **FILTER BASKETS**, **CIRCLES** and **CUT-TO-SIZE** pieces made to customer specifications.

Our **WOVEN WIRE CLOTH**, **HOLLANDER WEAVE**, **WELDED WIRE MESH** and **PERFORATED PLATE** are used for many purposes in Mining industries, Chemical industries, Oil industries, Breweries, Foodstuffs and Dairy industries, Flour mills, Rice mills, Sugar mills, Coffee trays, Pharmaceutical Industries, Asbestos production, Hardboard factories, Plastic extrusions and Fibre Industries.
